*horticulturae*

## Organizer:

*Horticulturae* (ISSN: 2311-7524, IF 3.1) is an international, peer-reviewed, open access journal affiliated with The Spanish Society of Horticultural Sciences (SECH). It publishes original empirical and theoretical research articles, short communications, reviews, and opinion articles, focusing on all areas and aspects of temperate to tropical horticulture. The scope of the journal is to provide new information or points of view concerning the production and quality of horticultural crop species including fruit, vegetable, herbal, spice, ornamental and landscape plants.
